

ITW Fastex offers a complete line of high quality, self-adhesive bumpers. Fastex bumpers are available in both Urethane and PVC materials and are sold on a matrix pad and kiss-cut for easy removal and application. Bumpers apply with only thumb pressure and adhere without screws rivets or other fastening devices. Fastex bumpers are an ideal way to protect surfaces from scratches, skidding and vibration absorption.

Fastex Bumpers are ideal for providing skid and mar resistance for telephones and other electronic equipment. The installation is fast and secure and involves minimal labor.

In this application, the Fastex Bumper is adhered to a wooden cabinet door. The Bumper provides shock and sound dampening when the hinged door is closed.

PVC Bumpers

- Acrylic-based adhesive for long-term adhesion;
- Adhesive has excellent solvent and ultraviolet resistance;
- High shear strength;
- 5 Standard Colors: White, Black, Gray, Brown, Natural.
